

Dear colleague, you are invited to a **Special Interest Evening** at Exeter Natural Health Centre, offered by Amanda Kilroy Director of New Earth Consulting and *The Nine Programme*, a personal and project development course for those people with a project or idea they want to develop that has a social, environmental or community empowerment focus. ( see website for more details of the programme [www.thenineprogramme.co.uk](http://www.thenineprogramme.co.uk))

This event forms part of a free workshop series that Amanda hopes will bring people together - people who have an interest in personal and professional development for transformation – and who are perhaps looking to network with like minded others, and have a forum to share stories and discuss the issue and opportunities that surround us now.

The workshop series is called ***sharing the Journey***, and the first evening is on 24<sup>th</sup> February, 2012. The topic for this first event is ***Being the Change: Becoming a Pilgrim of the Way...*** see attached flyers for details of the event, and of the nine programme itself.

## ***Sharing the Journey***

### ***Being the Change: Becoming a Pilgrim of the Way***

24<sup>th</sup> February, 2012 Exeter Natural Health Centre

If you are interested in coming along to the event yourself, please contact us to book a place, and it would be great if you could circulate the flyer to anyone who you think might be interested.

For more information contact Amanda on 07834 606734; email [amandakilroy@hotmail.com](mailto:amandakilroy@hotmail.com) or check website: [www.thenineprogramme.co.uk](http://www.thenineprogramme.co.uk) or to make a booking contact Exeter Natural Health Centre: [info@enhc.org](mailto:info@enhc.org) Telephone: +44 (0)1392 422555.
